FAQs

What covers the Senior High School?

Senior High School (SHS) covers the last two years of the K to 12 program and includes Grades 11 and 12. In SHS, students will go through a core curriculum and subjects under a track of their choice.

Will SHS mean two more years of High School?

Yes. These two additional years will equip learners with skills that will better prepare them for the future, whether it be:

- Employment
- Entrepreneurship
- Skills Development (Further Tech-Voc training)
- Higher Education (College)

Is SHS really necessary? Must I go to SHS?

Yes. According to the law, beginning SY 2016-2017, you must go through Grades 11 and 12 to graduate from High School.

If I choose not to go to SHS, what happens to me?

You will be a Grade 10 completer, but not a high school graduate. Elementary graduates are those who finish Grade 6; high school graduates must have finished Grade 12.
